

Pori

36.9462083, 25.6200666

A tropical setting that you cannot imagine! Pori is a beach out of the ordinary! It is located 3 kilometers from Chora but it really is a "revelation" for those who visit it as it is one of the most beautiful beaches of the Cyclades and Greece!

It is a huge long beach, with golden sand and crystal clear transparent turquoise waters!

It is a busy beach and definitely one of the must-sees of the island, but thanks to its size there is free space for everyone without the feeling of inseparability prevailing.

The beach is not organized so you should bring your own equipment because there is no natural shade at all.

The waters here are shallow, which makes it ideal for little swimmers.

There are two restaurants on the beach that provide refreshing drinks and food for those who wish.

You can access the beach in four different ways.

The first is by road through the regional asphalt road that reaches the beach.

The second is with the island's bus, which runs daily during the summer season to the beach.

The other alternative is with the island's boat, which runs every hour to the beaches of Pano and Kato Koufonisi.

Finally, for hiking lovers, there is the coastal path that connects the beaches and ends in Pori. Starting from the village you will follow the coastal road to the east. At each beach you will reach, you will have to walk along it and follow the path that continues at the end of it. From the port the road goes east and in 15 minutes it ends at the beach of Harokopo or Finikas. The path continues next to the camping and in 5 minutes brings you to Fanos. Just a few minutes of walking even you will reach Italida where you can admire the magnificent rocks and caves in the sea on your right. In a few minutes you will meet the Pool and after a 5 minute walk you will see the large bay of Pori (total 30 minute walk).

Overview

Purpose: Excursion	Type: Beach	Country: Greece
City: Ano Koufonissi
