

Porto Germenio

38.1518081, 23.2256069

In Porto Germenio, the protagonist is the turquoise, the rich shade of the pine trees and the beautiful, picturesque landscape. Although a favorite of Athenians and not only, the fact that it is divided into three distinct beaches, allows you to seek some peace, although certainly not solitude.

Overview

Purpose: Excursion	Type: Beach	Country: Greece
