

Chalikiada beach

Chalikiada beach

37.70096845, 23.372848237999

Chalikiada beach is located 4 km south west of Megalochori, in the area of Limenaria village. It can be accessed from the settlement of Skliri after going through a pinewood area, but it requires climbing a cliff.

Being close to the tourist oriented town of Skala, it offers a great variety of accommodation options and facilities. Its deep blue waters combined with the surrounding greenery, give place to a paradisiacal environment. However, due to the absence of facilities, it is necessary to take some food, drink and other supplies when planning to spend some time on Chalikiada beach. Sunbeds and umbrellas are also advisable for getting a certain level of comfort.

Overview

Purpose: Excursion	Type: Beach	Country: Greece
